Synopsis:

In a London fur salon, Arnold Crouch, one of the two owners, has difficulty keeping everything going afloat, while his partner, Gilbert Bodley, is off philandering. Bodley decides to sell his new mistress' husband a fur coat for an extremely low price in order to win her affection, and Crouch is stuck presiding over the deal. The husband decides to give the coat to his own mistress, and all hell breaks out. In the end, despite mistaken identities and all sorts of problems, everything turns out as it should.
